

Minutes AES TCASR 2002-05-10 at 1 PM in Rm D120 MOC Munich

Attending:

Mendel Kleiner (Chair) : mk@ta.chalmers.se

Jim Brown (TCASR member) : jimbrown@enteract.com & jim@audiosystemsgroup.com

Bruce C. Olson: bco@olsonsound.com

Dick Campbell : rhcamp@ma.ultranet.com

Neil Spring : nspring@msn.com

John Woodgate : jmw@jmwa.demon.co.uk

The meeting primarily dealt with the action items decided on at the New York December 2001 meeting of the TCASR.

Status for these items is as follows:

LOS ANGELES AES 113: Jim Brown : Workshop on "Arrays". Jim reported on his work and reported that the workshop will essentially be a full day event, tutorials in the morning (presenters by invitation only) and manufacturers presentations in the afternoon.

LOS ANGELES AES 113: Jim Brown and Mark Engebretson : Technical tour of "Sound systems at amusement parks". Still no commitment from anyone, Disney has been approached but no response so far.

NEW YORK AES 115: Tyrone Hunter with Richard Laidman and Jim Brown : Workshop on "the right music in the right halls". Jim who has already contacted Tyrone with no response will contact Tyrone again, if no response this time, the workshop will be cancelled.

NEW YORK AES 115: Bruce C Olson : Workshop on "What road people need" (possibly within a technical tour).: Bruce reported that this tech tour could not really be planned well in advance since the tour actually depended on which theatres that would be available at the time of the 115th convention. Mendel promised to put the idea forward to the AES 115 convention committee or other body in charge of arranging the tech tours.

The meeting was adjourned at 2 PM.

Respectfully submitted

Mendel Kleiner
Chair AES TC Acoustics and Sound Reinforcement
